

SUBJECT ALLOCATION
EXERCISE 2022
for Secondary 3 2023

NORTH VISTA SECONDARY SCHOOL

Subject Allocation Exercise

Guiding Principles

- Based on the combined results for all subjects.
- Determine students' chances of being selected for a combination of their choice.

- In order for students to manage the demands of certain subjects, a minimum level of competence is required, before they are eligible to offer the subject(s). Examples of these are Pure Sciences, Additional Mathematics, Pure Humanities, etc. Allocation is subject to availability of places by merit and choice

- Available school resources, coupled with students' choices, determine the subject combinations offered.

Subject Allocation Exercise - Subject Competence Sec 3 Express 2023

Subject	Competence based on Sec 2 Results (WAs and EYE)
Additional Mathematics	≥ 60% Maths
Triple Science (Chemistry, Physics and Biology)	≥ 70% Science
Double Science (Chemistry and Physics / Biology)	≥ 65% Science
Higher Mother Tongue	≥ 75% MTL
Geography	≥ 60% Geography
History	≥ 60% History
Literature in English	≥ 60% Literature
Art	≥ 60% Art
Design & Technology	≥ 60% D&T
Nutrition and Food Science	≥ 60% FCE
Exercise & Sports Science	Sports trial

* Allocation is subjected to availability of places based on merit and choice

Subject Allocation Exercise - Subject Competence Sec 3 N(A) 2023

Subject	Competence based on overall Sec 2 results
Exercise & Sports Science (O-Level)	Sports trial
NA A Math (N- Level)	≥ 75% NA Math

Note:

- 1) For a student to be able to cope well with the 3NA subjects, they should achieve at least 60% for the subject in Sec 2NA.
- 2) Allocation is subjected to availability of places based on merit and choice.
